Tina Tina Tina Tina Tina
When Haiti hook up with who?
With Africa
Shotta, Easy,
Ain't no need for no rocket launcher

Too many ladies up in here wanta signature
Take a picture 3ce
Under her spell this feels like jail
Gonna tell my lawyer I dont wanna make bail
I come last and she comes first
If Gregory Isaacs was here he'd say night nurse
Caught up in the middle of the night time

Even though it's wrong, but it feel like the right time
360 degrees she got me caught up in the African wyne
Caught up in the middle of the night time
Even though it's wrong but it feel like the right time
360 degrees she got me caught up in the African wyne
