

# Future, Ain't Coming Back

The Wizard

Some things out of my control  
Gotta stay in my zone  
Know what I'm sayin'  
I just told Richie we rich  
Woo

Sometimes I sit down, wrist on gold  
I done made it without sellin' my soul  
Bad bitch layin' down in a robe  
Ask me how I made a mil' and didn't fold  
Askin' 'bout these VV's, VV's, drippin'  
Keepin' it cold, I'm so different, yeah  
Lot of bitches wanna feel this energy  
Couple real friends turned enemy

Different, I done customized the Bentley, yeah  
Difference, I done fucked a few stars, yeah  
Probably know a couple names on the list  
Some you don't know, they anonymous  
Fluorescent but keep the jewelry on a miss  
Never on the shelf, never on the shelf, yeah  
I don't need no stylist, I can dress myself (I don't need a stylist)  
Gotta watch the diamonds and they match the belt  
Tryna give advice, need to help yourself  
Tryna save me, need to save yourself  
I can hear the hate even if I'm deaf  
You childish, nigga, yeah, you childish, nigga  
Jealous of my wrist and my diamonds  
Jealous 'cause these hoes out here wildin', yeah, yeah  
They say I'm the one that inspired them, yeah, yeah  
They say I'm the one that can excite 'em (You the one)

Sometimes I sit down, wrist on gold  
I done made it without sellin' my soul  
Bad bitch layin' down in a robe  
Ask me how I made a mil' and didn't fold  
Askin' 'bout these VV's, VV's, drippin'  
Keepin' it cold, I'm so different, yeah (I'm so different)  
Lot of bitches wanna feel this energy (Feel my energy)  
Couple real friends turned enemy

Brought my dices with me, had to skip class  
Had to tell so many I ain't comin' back  
Yeah yeah, I ain't comin' back  
Yeah yeah, I ain't comin' back

Bitch went to the 'Gram to write a book (Why she do that?)  
Tryna steal the bands from me like a crook (Bands)  
Don't you judge me off mistakes I've made  
Talk shit, gotta take it to the grave (For live)  
Wrist rocky, talkin' V-V-V's  
Bitches suckin' out my energy  
She'll fuck my brother for the currency  
Dawg ho, and these dawgs ain't free  
Never on the shelf, always fresh to death  
I don't need a stylist, I can dress myself  
Drugs in my system, don't play it fair  
Bitches take advantage, know I need help

Sometimes I sit down, wrist on gold  
I done made it without sellin' my soul  
Bad bitch layin' down in a robe  
Ask me how I made a mil' and didn't fold
