

# Future, Buy Love

Lot of love  
A lot of love for you  
They ain't got enough for you  
I can have you workin' all night  
I'm buyin' love from you  
I'm buyin' love from you  
They ain't got enough for you  
I can have you workin' all night

Tender when you taste, girl you spiteful, oh  
Pissin' out this Ace like Franklins  
Had a dream I woke up to a diva  
Tastin' pink molly like it's Easter  
Let me go, I'm goin' to the Oscar's  
We made a film last year, got me popular  
I keep my ego cockin', I keep that Glock cockin'  
I got these ice drops, can't let the ice stop

Pilin' up these hundreds like oooh  
I don't know where our love begun  
Got you runnin', runnin' with my tongue  
Open you up, let it cum

Lot of love for you  
A lot of love for you  
They ain't got enough for you  
I can have you workin' all night  
I'm buyin' love from you  
I'm buyin' love from you  
They ain't got enough for you  
I can have you workin' all

Showed you the keys, all these foreigners I own  
Left my OG, I've been out on my own  
She speak four languages, she calls me my home  
Sit in a sanctuary, I'm all alone  
I wanna love you, more of you without me  
Exclusivity, let me be your remedy  
Sexual chemistry, we don't show no sympathy  
I want you spiritually, but I need you more mentally

Pilin' up these hundreds like oooh  
I don't know where our love begun  
Got you runnin', runnin' with my tongue  
Open you up, let it cum

Lot of love for you  
A lot of love for you  
They ain't got enough for you  
I can have you workin' all night  
I'm buyin' love from you  
I'm buyin' love from you  
They ain't got enough for you  
I'm buyin' love from you

Pilin' up these hundreds like oooh  
I don't know where our love begun  
Got you runnin', runnin' with my tongue  
Open you up, let it cum

Lot of love  
A lot of love for you  
They ain't got enough for you  
I can have you workin' all night

Before you give up on me, cry a river twice  
I seen your heart skipped a beat last night  
That's gon' happen if you give up on my promise  
We have sex, talk back like it's drama  
Let me inside, ohhh  
Want this, pour liquor, me all night  
Just keep me inside  
Girl, whatever you want ooh-ooh-ooh  
Girl, whatever you want ooh-ooh-ooh  
Just keep me inside  
Girl, whatever you want ooh-ooh-ooh  
Girl, whatever you want ooh-ooh-ooh
