

# Future, Love You Better

Could this thing be more?  
You can never- this could be yours  
If it's really meant to- baby, baby  
'Cause I'm interested, baby, baby  
ATL Jacob, ATL Jacob

You tellin' me you fallin' out of love with me  
Hope you can find someone to love you better than I did  
Takin' our memories on love and treatin' it like nothin'  
Takin' our memories on love and treatin' it like gossip  
It's my love from my grandmother make me gentle when I care for you  
Tell me you fallin' out of love, it's breakin' my heart in two  
I just don't wanna sit and pray, baby

Almost like it didn't happen to make you happy

You tellin' me you fallin' out of love with me

Hope you can find someone to love you better than I did

You tellin' me you fallin' out of love with me (You tellin' me you fallin' out of love with me)

Hope you can find someone to love you better than I did (Hope you can find someone to love you better than I did)

You tellin' me you fallin' out of love with me

Could this thing be more?

It's my love from my grandmother make me gentle when I care for you (Hope you can find someone to love you better than I did)

If it's really meant to- baby, baby

'Cause I'm interested, baby, baby
