

# Future, Never Been This High

Yeah, I ain't never been this high  
You ain't never been this high

I been fly since my baby pictures  
Alligator on my shirt I been too consistent  
I had a beeper in the kindergarten with a gerry curl  
And I always got the pretty girls  
I'm shinin like Vvs's I was born shinin'  
Matter of fact I should've been a diamond  
My left wrist Aquafina and these girls I'm with from Argentina  
Body flooded up with ice name a rapper cleaner  
Came in photogenics sky ain't the limit for me  
Turnt myself to a astronaut, if you believe you can achieve  
I want ya spot homie numero uno  
And I brought a check with me bigger than a sumo  
Blood Sweat Tears inside this rap as I flow  
I know some niggas dead and gone want the best for me  
And I know some niggas living praying for the worst for me  
I seen darker days I know this ain't the end for me  
That's why every chance I get cause I'mma give em hell  
Me and my niggas we the last real niggas left  
Me and my niggas we the realest niggas left

It's like my body made of diamonds, I can't stop shinin'  
I ain't never been this high (I ain't never been this high)  
I ain't never been this high (Man I ain't never been this high)  
I'm shinin' over everybody around me (I'm shinin' over every body)  
You ain't never been this high (You ain't never been this high)  
You ain't never been this high (I bet you ain't been this high)

International future don't follow my footsteps  
Every pair of Jordan's done came out I had em 'fore they hit the shelf  
Air Force One's I proley have 2.000 left  
I ain't gave away I'm donating Ralph Lauren  
I had every pair of skippers from the green to orange  
Yellow Blue White three stripes Adidas suits  
All day I dream about selling dope like shootin' hoops  
One day you dreamin' then you wake up to reality  
First you lose your heart then your true friends disappear  
I was already shinin' fore I got here  
I told myself I'll get my feet off ground I'm goin' outta here  
I'm taking some people I never would thought even be here  
Everything I went thru it's a purpose why I'm still here  
Hard work perservere keep them people in your ear and them people in your rear  
Me and my niggas we the last real niggas here

It's like my body made of diamonds, I can't stop shinin'  
I ain't never been this high (I ain't never been this high)  
I ain't never been this high (Man I ain't never been this high)  
I'm shinin' over everybody around me (I'm shinin' over every body)  
You ain't never been this high (You ain't never been this high)  
You ain't never been this high (I bet you ain't been this high)
