

# Future, WE JUS WANNA GET HIGH

(80-80-808 Mafia)

We just wanna get real high-igh-igh  
(ATL Jacob, ATL Jacob)

That nigga know that bitch he got is mine, mine, mine  
That's your bitch and that's my bitch too, nigga, don't forget  
I was looking out my rearview, finger on the trigger  
Switching bitches like tennis shoes, I damn near forget  
I'm in love with my money, baby, I don't want shit

Panamera view inside my truck like a penthouse  
Dog-ass bitch, she just tryna suck my wrist off  
All these blue strips, I might bust out and Crip walk  
Take the cocaine with me, they gon' make a nigga chain talk  
Choosin' on a pimp, I'ma slice it like a chainsaw  
You lil' bitty shrimp, I'ma take a nigga main ho

Send her home to you, she don't wanna talk to you, her brain sore  
Grand remarkable, I get dollars like Diego  
Grand National, made it skrrt outside the bando  
Two Glock 40s, they gon' call me Pluto Rambo  
Finessin' a sport, bitch, hand me the fork, yeah, yeah  
Top like New York, bitch giving intercourse, yeah, yeah  
Drop-top Rolls-Royce like I ain't got a choice, yeah, yeah  
Bag it up and sell it and go cop me some Screw  
Twenty-six Pirellis, put on brand new shoes  
Zero below, all this ice, catch the flu

Panamera view inside my truck like a penthouse  
Dog-ass bitch, she just tryna suck my wrist off  
All these blue strips, I might bust out and Crip walk  
Take the cocaine with me, they gon' make a nigga chain talk  
Choosin' on a pimp, I'ma slice it like a chainsaw  
You lil' bitty shrimp, I'ma take a nigga main ho

I been tryna balance out the money with the dope  
Too much drip, bitch gotta walk around with a float  
Messy hoes know this bitch fucking on a GOAT  
They know what come with that ice, Chane'-ne', Coco  
I give bitches a lil' hype and then I adios  
I got the midas touch, extended Rolls-Royce Ghost  
When I ain't got them hitters 'round, you still can't approach  
Don't make me have to up this motherfucker and let it go  
Security for these bitches 'cause they ain't got no control  
Don't make me have to up this motherfucker and let it go  
We just wanna get real high-igh-igh
