

Galantis, Peanut Butter Jelly

Sleepless nights at the château
Visualize it
I'll give you something to do

Kush kush wherever we go
Visualize it
I'll give you something to do

To get a wildfire burning
Visualize it
I'll give you something to do

Ace high, I'm going all in
Visualize it
I'll give you something to do

Spread it like peanut butter jelly
Do it like I owe you some money
Money, money, money
Money, money, money
Money, money, money

Spread it like
Spread it like
Visualize it
I'll give you something to do
