## Gary Numan, I, Assassin

We are assassins
We are not evil
We act with reason and heart
Your heart

We are not vicious Is that surprising? We're so much larger than life

I, Assassin, I am I, Assassin, I am

"I just arrived Something to fix This new depression"

We are not hunters We are just patient We'll wait a lifetime for you Just you

I've never felt good I've never felt bad I've never felt much at all

I, Assassin, I am I, Assassin, I am

"There's nothing personal Just read the papers That's real"
