

Gary Numan, The Iceman Comes

The iceman comes
Someone is out there
They'll wait and won't make mistakes

The iceman comes
My head runs empty
Oh I've got the fear

The iceman comes for me.

The iceman comes
Blow dust off your stories
I could give in

The iceman comes
I'll send, you'll take
Is this such dark business?

The iceman comes for me.
