

Gary Numan, The Seed Of A Lie

I'm a ghost in the dark and I'm yours.
I belong in the past and I'm yours.
Like a song you forget, and I'm yours.
Like a dream in the night, and I'm yours.

The wrong place?
The wrong time?
I don't know.
The wrong face?
Yours or mine?
I don't know.

Like a tear when you sleep, I'll be yours.
Like a scar that won't fade, I'll be yours.
Like a pain in the cold, I'll be yours.
Like a fear in the heart, I'll be yours.

The wrong word when you cry
I will be
Like the seed of a lie
I will be
Like the germ of disease
I will be
Like the last one who cared
I will be

Like your shadow
I will haunt you
Do you remember?
I said to you
'Love is a mountain
But harder to climb.
It should be forever
But love is unkind
To me.
Don't let me down.'

And you let me down.
