

# Gary Numan, Tread Careful

Tread careful  
Because you're treading on my dreams.  
Tread careful  
Because I've just one heart  
Tread careful  
Let me down slowly  
Or I'll forget how to dream.

Chorus:  
I won't forget anything  
(I love you)  
I won't forgive anyone  
(Do you love me?)

Tread careful  
You hear the sound of my breathing  
Tread careful  
Because I feel this sound  
Tread careful  
I'm falling in a glasshouse  
I'm trying hard to begin  
Because I want it to get harder  
Tread careful  
Before I change my mind  
Tread careful  
I could surprise you  
I know something you want to do.

(repeat chorus)

Tread careful  
I'm sure you don't care but  
Tread careful  
I could change your mind  
Tread careful  
I've been waiting for you  
There is no comfort in here.

(repeat chorus)
