

Gary Numan, Tribal

I'm standing for someone or something
I read it in the papers.
I still remember
I heard it on the radio.

CHORUS:

I'm a slogan, an old story,
A disease, never again.
I don't like this, new anger,
These young boys, just make me laugh.
This picture, I'm so nervous,
The DJ says "who are you?"
Look at me, I'm shaking,
I don't know if I can move.

Working boys ?????? tonight

I don't want to be a ???? picture
I don't want to be an old man
I don't want to be a good friend
I don't want to be a hero.

(repeat chorus)
