

# Gary Numan, Tribal

I'm standing for someone or something  
I read it in the papers.  
I still remember  
I heard it on the radio.

## CHORUS:

I'm a slogan, an old story,  
A disease, never again.  
I don't like this, new anger,  
These young boys, just make me laugh.  
This picture, I'm so nervous,  
The DJ says &&quot;who are you?&&quot;  
Look at me, I'm shaking,  
I don't know if I can move.

Working boys ?????? tonight

I don't want to be a ???? picture  
I don't want to be an old man  
I don't want to be a good friend  
I don't want to be a hero.

(repeat chorus)
