

# Gary Numan, We Are Glass

We are young we can break  
Watch us fall  
We can take some train  
Down to the sea  
We are glass, we are glass

We are real you can touch  
Just for now  
And I say  
'Hey you which way is down?'  
We are glass, we are glass

We are strong  
We're unknown  
We have time  
And to you I'm just one of those boys  
We are glass, we are glass

We are cold  
We're not supposed to cry  
But it's all just a thought so  
Here am I  
We are glass, we are glass

They run fast impressions  
Of the floors inviting  
Stay with me, stay with me  
They run past with telephones  
They scream  
Well would you  
Turn all this down  
Turn all this down

You are replaced  
You are you  
And now dreams are real  
And dreams are all we need  
We are glass, we are glass

They run fast impressions  
Of the floors inviting  
Stay with me, stay with me  
They run past with telephones  
They scream  
Well would you  
Turn all this down  
Turn all this down
