Gene, In Love With Love

Only a day away
Only a day
Whatever made me think
Id have it all my way today
Only a week away
Only a week
Whatever made me think
The world was mine to take
Ignore me when I say
Im in love with love
You said
"Ill still see you when youve gone
Ill know everything youve done
Are you sorry?"
Only a day away
Only a day
Whatever made me think
Id have it all my way
Ignore me when I say
Im in love with love
You said
"Ill still see you when youve gone
Ill know everything youve done
Are you sorry?"
From the stars until the sun
I swear Ill never do you wrong
And Im sorry
