## Gesaffelstein & Pharrell Williams, Blast Off

you've been thinking about this all night all week and this was right cross your heart and hope to die are you sure you wanna pay the price do it outside in the night cause where you going is the life

when I am looking in your face oh, higher, higher you give me faith oh, high up in the sky I feel the same oh, higher, higher this must be fate what do I know?

Saying that you wanna know What it feels like to let go Everything that was before Should you do it in the youth? Be enlightened, feel the truth But the serotonin ... youth

when I am looking in your face oh, higher, higher you give me faith oh, high up in the sky I feel the same oh, higher, higher this must be fate what do I know?

I need somebody, I need a witness I need somebody, I need a witness I need somebody, I need a witness too look in your eyes when you see the vision I need somebody, I need a witness I need somebody, I need a witness I need somebody, I need a witness too look in your eyes when you see the vision

late night decision do you wanna be lifted late night decision do you wanna be lifted late night decision do you wanna be lifted Heloo spirit Blast off!
