## Gigi D'Agostino, Music

Music was my first love and it will be my last music of the future and music of the past and music of the past and music of the past and music of the power

Ooh ooh eeh eeh ooh ooh eeh eeh ooh ooh ooh music music was my first love music was my first love music music music music music was my first love music was my first love music music music music music

Music was my first love and it will be my last music of the future and music of the past to live without my music would be impossible to do in this world of trouble my music pulls me through
