

Girls Against Boys, Park Avenue

Check your life span
Do like ya want
Fuse the power of now
Fuse the power of never
It's no apocalypse
Just burn like ya don't exist
My idea of fun - can I burn with ya
As out there as anyone
In the black hole dream I know you can still feel me
In the black hole scene
Do ya still dream
Check ya pulse
Read my mind
You got the access
Treat me like I don't exist
