

Glen Campbell, Woman Woman

Woman oh woman have you got cheating on your mind on your mind
There's something wrong between us that your laughter cannot hide
And you're afraid to let your eyes meet mine
And lately when I love you I know you're not satisfied
Woman oh tell me woman have you got cheating on your mind on your mind
I've seen the way men look at you when they think I don't see
And it hurts to have them think that you're that kind
But it's knowing that you're looking back that's really killing me
Oh woman oh tell me woman have you got cheating on your mind on your mind

A woman wears a certain look when she is on the move
And a man can always tell what's on her mind
I hate to have to say it but that look's all over you
Oh woman oh tell me woman have you got cheating on your mind
Oh woman oh tell me woman have you got cheating on your mind
