Glen Campbell, Woman Woman

Woman oh woman have you got cheating on your mind on your mind There's something wrong between us that your laughter cannot hide And you're afraid to let your eyes meet mine And lately when I love you I know you're not satisfied Woman oh tell me woman have you got cheating on your mind on your mind I've seen the way men look at you when they think I don't see And it hurts to have them think that you're that kind But it's knowing that you're looking back that's really killing me Oh woman oh tell me woman have you got cheating on your mind on your mind

A woman wears a certain look when she is on the move And a man can always tell what's on her mind I hate to have to say it but that look's all over you Oh woman oh tell me woman have you got cheating on your mind Oh woman oh tell me woman have you got cheating on your mind
