Gordon Lightfoot, Heaven Don't Deserve Me

I'm not afraid that when I'm dying There'll be no one to hold my hand If there's a God up there he loves me As much as my old women can

I don't intend to be a martyr I don't give a damn what people say And if I never get to heaven Heaven don't deserve me anyway

I've tasted life both good and evil At times I was cruel and did not pay And if I never get to heaven Heaven don't deserve me anyway

I don't know what it was I came for But I've enjoyed it up 'till until now If there's a friend who ever needs me I'll do my best to help somehow

I don't intend to keep no secrets I don't give a damn what people say And if I never get to heaven Heaven don't deserve me anyway

I know and I'll admit my failures I don't give a damn what people say And if I never get to heaven Heaven don't deserve me anyway

And if I never get to heaven Heaven don't deserve me anyway
