Gorillaz, Ascension

[Intro: Vince Staples]

You are now tuned into the tomb of Jehova

Play my tunes loud enough to shake the room, what's the hold up?

Heard the world is ending soon I assumed that they told ya

They tryna dinosaur us so now it's time to go up

[Refrain: Vince Staples & The Humanz Choir]

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

[Verse 1: Vince Staples]

The roof is on fire, she wet like Barbra Streisand

Police everywhere, it's like a nigga killed a white man

I just wanna find a baby mama 'fore the night end

So don't be coming 'round Vince on that batter ram shit

On that 911 shit, need a misses brown as Missy

I can have some fun with, them slave bones make Grace Jones

Don't stop, bitch, stay focused, they hated on us since days of Moses

Let my people go crazy, them stars falling, don't chase 'em

[Refrain: Vince Staples & The Humanz]

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

[Bridge: 2D]

Attack on Iraq, it's on a line

Typing it fast, then it's slipping my mind

Oh, when I'm drunk, I'm spirited back

I fall in a fire then I save myself

Then I get advantage 'cause the feeling's so raw

In these times of sedition, well, nothing is dull

And I'm moving into stillness and recalling it all

And I'm a lover, just a lover, just a lover, just a lover, just a-

[Refrain: Vince Staples & The Humanz]

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

The sky's falling, baby

Drop that ass 'fore it crash (higher)

[Verse 2: Vince Staples]

All these liberated women sitting in my lap

I'm finna catch a body like I got a gun and badge

I'm finna turn {Obama} to my partner 'fore he dash

Pull up to the pad, wipe my ass with the flag

I'm just playing, baby, this the land of the free

Where you can get a Glock and a gram for the cheap

Where you can live your dreams long as you don't look like me

Be a puppet on a string, hanging from a fucking tree (Aghh!)

[Refrain: Vince Staples & Drop that ass 'fore it crash (higher)
The sky's falling, baby
Drop that ass 'fore it crash (higher)
The sky's falling, baby
Drop that ass 'fore it crash (higher)
The sky's falling, baby
Drop that ass 'fore it crash (higher)
The sky's falling, baby
Falling, baby, falling (higher)
