

# Gorillaz, Dirty Harry

I need a gun to keep myself among  
the poor people are burning in the sun  
But they ain't got a chance  
They ain't got a chance  
I need a gun  
Cause all I do is dance  
Cause all I do is dance

I need a gun to keep myself among  
the poor people are burning in the sun  
But they ain't got a chance  
They ain't got a chance  
I need a gun  
Cause all I do is dance  
Cause all I do is dance

In my backpack  
I got my act right  
In case you act quite difficult  
And your resolve weakens  
With anger and discontent  
Some are seeking in search of like Nimoy  
I am a peace loving decoy  
Ready for retaliation
