

Gorillaz, We Got The Power

We've got the power to be loving each other
No matter what happens
We've got the power to do that
On a (zdanie po francusku*) ok?
We've got the power to be
Rigging the great bell out there above us
We've got the power for that
We got the power to that

[Jehny Beth:]
They dream of home
I dream of life out of here
Their dreams are small
My dreams don't know fear
I got all you
I got my heart full of hope
I will change everything
No matter what I'm told
Or how impossible it seems
We got the power
We did it before
And we'll do it again
We're indestructible
Even when we're tired
And we've been here before
Just you and I
Don't try to rescue me
I don't need to be rescued

We've got the power to be loving each other
No matter what happens
We've got the power to do that
On a (zdanie po francusku) ok?
We've got the power to be
Rigging the great bell out there above us
We've got the power for that
We got the power to that

Get yourself up to the silent alter
And call me
But don't forget the machines
Cuz if your choice is chipping it down to the M1
Then you'll wake up in the morning
You'll be storming

We've got the power to be loving each other
No matter what happens
We've got the power to do that
On a (zdanie po francusku) ok?
We've got the power to be
Rigging the great bell out there above us
We've got the power for that
We got the power to that
