

Grace VanderWaal, Insane Sometimes

[Verse 1]

Dab your foot and watch the clock
I tried to look excited when you walked inside the door
But it was all for sure
I need to get it all out of my mind
Just blast some music and close my eyes
Mmm oh, got me singing like woah-oh-oh-oh

[Pre-Chorus]

Turn it up and I'll sing it loud
And just shut the world out
See the colors
Feel it in my bones
It goes, oh-oh-oh

[Chorus]

Spin the record, oh darling
Inside of my mind
And let's just go-go-go
And lose track of time
Here we go, on this crazy ride
Here we go, in this crazy life
And oh-oh
'Cause, 'cause don't you know?
We're all a little insane sometimes

[Verse 2]

Louder and louder with every thought
Shaking the floors until the pictures fall off the walls
The walls

[Pre-Chorus]

So we'll, turn it up and I'll sing it loud
And just shut the world out
See the colors
Feel it in my bones
It goes, oh-oh

[Chorus]

Spin the record, oh darling
Inside of my mind
And let's just go-go-go
And lose track of time
Here we go, on this crazy ride
Here we go, in this crazy life
And oh-oh
'Cause, 'cause don't you know?
We're all a little insane sometimes

[Refrain]

Don't you know?
We're all a little insane sometimes

[Chorus]

Spin the record, oh darling
Inside of my mind
And let's just go-go-go
And lose track of time
Here we go, on this crazy ride
Here we go, in this crazy life
And oh-oh
'Cause, 'cause don't you know?
We're all a little insane sometimes
