

Grandaddy, A Valley Son (Sparing)

{{Song||Grandaddy|star=Green}}

on the beach within arms reach
there's nothing more this shore can teach
the maltreatment of a son
you've lost a valley son

he was down with being done
but now he's done with being down
this maltreatment has a sound
you've lost a valley son

you've lost a valley son
you've lost a valley son
you've lost a valley son

the engine in his heart
gets dirty then don't start
then it all just falls apart

he can't watch as others shine
as he's rottin' on the vine
this maltreatment over time
you've lost a valley son

you've lost a valley son
you've lost a valley son
you've lost a valley son
