

Green Day, Sassafras roots

Roaming 'round your house
Wasting your time
No obligation, just
Wasting your time
So why are you alone?
Wasting your time
When you could be with me
Wasting your time
I'm a waste like you
With nothing else to do
May I waste your time, too?
Warding off regrets
Wasting your time
Smoking cigaretts
Wasting your time
I'm just a parasite
Wasting your time
Applying myself to
Wasting your time
