

Grimes & i_o, Violence

miss you one

... one

break up

Violence, Violence, Violence, baby it's Violence

you can't see

what I see

you can't see

what I see

can't

..

wake up

Violence, Violence, Violence, baby it's Violence

you can't see

what I see

you can't see

what I see

can't

you wanna make me back

make me back

And I like you, like that

And I like you, like that

you wanna make me back

make me back
