

# Guided By Voices, A Kind Of Love

There's a kind of love  
And it won't be long  
But it comes from somebody else's song  
There's a world outside with a different view  
And it's obvious that it's just for you

There's a kind of love  
But it won't take long for me  
There's a kind of love  
But it won't take long for me

repeat verse 1

There's a kind of love

But it takes too long for me  
There's a kind of love  
But it takes too long for me

I'm a man of work and a man of life  
Will I work to ??? someone else will buy  
Does it ???  
??? 'til I feel a wreck

There's a kind of love  
But it takes too long for me...
