

Guided By Voices, Bottoms Up! (You Fantastic B

It's time to kiss the genius
It's time to break the spell
There's a one out of three chance
There's a pleasure banging my bell

I'm in the soft pink luxury tunnel
??? big time evil grip
There's a clown crazed ???
Sugar I got the whip

I've got a pocket full of friggin' loose change
I've got a stick shift booby trap
I wanna push it too far
I wanna re-route your map
Fantastic moments of grandeur
Ironic seasons of crust
I'm with the disco police
You're getting back on the bus...
