

# Guided By Voices, Excellent Things

Mirrors reflect only what we expect  
Just what we wanna see  
Flowers looking fresh  
Garden grey on a mesh  
??? warm ??? free

I filled up a jar with colourful capsules  
Jewelry and rings  
Notice how we constantly thrive on excellent things

??? created a sway  
Toward material needs  
Television hums  
Busy hand finding some  
Two or three knuckles bleed

Boats and trains and commercial flight airplanes  
That whistle and sing  
See how we persistently thrive on excellent things
