

# Guided By Voices, Hey, Baby

Hey, Baby  
Why you tellin' me lies?  
Hey, Baby  
Why do i have no alibi?  
She's insane  
I believe that she comes around  
Thou angel  
I believe that she comes around  
Hey, Baby  
Why are you treating me so bad?  
Hey Sugar

Sometimes i feel like I'm mad  
Show me love  
All in in a run of days of rain  
Lay it down  
All in the pain and play it right  
All in a chance  
There would she do the same?  
There will i do the groove by candle light  
This place!
