## Guided By Voices, Hey, Baby

Hey, Baby
Why you tellin' me lies?
Hey, Baby
Why do i have no alibi?
She's insane
I believe that she comes around
Thou angel
I believe that she comes around
Hey, Baby
Why are you treating me so bad?
Hey Sugar

Sometimes i feel like I'm mad Show me love All in in a run of days of rain Lay it down All in the pain and play it right All in a chance There would she do the same? There will i do the groove by candle light This place!
