

# Guided By Voices, Idiot Princess

She's got the face  
She's got the face that makes me happy  
I never thought about how lovely it was  
Until one day she went over and out  
Over and out  
Over and out  
When will she come back to me  
Over and out

She's a disgrace  
She's a disgrace to friends and family  
I never thought about how lucky I was  
Until one day she went over and out  
Over and out  
Over and out  
When will she come back to me  
Over and out
