

Guided By Voices, Mammoth Cave

Got my flashlight
Two by four
Necessary precaution
Plants at the entrance
Flies at the exit

Way down deep
In the darkest hole
Lost my way
Lost my soul
You can dig my grave
In Mammoth Cave

I would of brought a sharp object, yeah
But they've taken mine all away
All away

I pretended I wasn't scared
Something fucking stinks in here
Like a sump pump in a sewer
What the hell was I thinking?

Way down deep
In the darkest hole
Lost my way
Lost my soul
You can dig my grave
You can dig me a hole
In the Mammoth Cave
Mammoth Cave.
