

Guided By Voices, Mansfield On The Sky

Mansfield on the sky
low ceiling to make him depressed
it's a long day waiting to greet you
better go - oh, no
better stay hey, hey
better go - better stay
and she'll wear a blank expression
boy and then will come to the lesson
don't you know

demanding all you know
Mansfield on the sky
he's getting older and the sky is looking cold
so cold and lonely up there
nothing sweet to eat
better go - oh, no
better stay - hey, hey
better go - better stay
