

Guided By Voices, Number 2 In The Model Home

My automated spouse has a bug in her blouse
Invading my private space

And secretly she sees
And secretly she sees
And secretly she sees
And secretly she sees
And secretly she sees
And secretly she sees

My cyber-son has found my gun
My favorite son has found my gun

And now the fun begins
And now the fun begins
And now the fun begins
And now the fun begins
And now the fun begins
And now the fun begins
And now the fun be-
Now the fun begins
