

# Guided By Voices, Perch Warble

Perch warble  
She wants to love a ???  
Early ???  
??? memories delayed

She can take you down the way  
She can run you down the way  
She can hold you down  
She can hold you down

Repeat verse

She can make you down the way  
But I'm hoping she won't stay  
And she'll hold you just to touch you  
And I told her not to trust you  
And she's flying high  
And she's breathing the eye (?)  
'Cuz she's a rolling devil  
She's a rolling devil  
And she's rolling ??? away
