

Guided By Voices, Selective Service

Beyond honky hearts
In the bengal lunch
Where distributors launch
A thoroughbred party
Madly they bite at the
Beauty of life
All forgiveness included
And fuckin' shit that
Requires insight
Strenuous
Laborous
Don't preach, reach!
You know God loves you when you try
Of the same blood that stirs
Making men mean
Wake up fresh
And take a rake
Give up the blues
Let's build something less fake
