

Guided By Voices, Stifled Man Casino

Stifled man casino
In a bed of bland facts
Wake up for recovery
Stifled man casino
Unpleasant, co-missions, please

Turn it off, avalanche man
and down comes the roofer
Up go the stakes
In stifled man casino
No one gets the brakes
That's the breaks, baby

Stifled man casino
Scratching surfaces
Street lights blurring
Speech patterns blurred
Passed out on apartment complex lawns

Turn it off, avalanche man

and down comes the roofer
Up go the stakes
In stifled man casino
No one gets the brakes
That's the breaks, baby

Stifled man casino
You can feel all the dust in your window
You can feel all the lust in your mind
But you can't have what you want
You can play around and lay around
Your whole life

Turn it off, avalanche man
and down comes the roofer
Up go the stakes
In stifled man casino
No one gets the brakes
That's the breaks, baby
