

# Guided By Voices, The Key Losers

Oh darkness makes them cringe  
Perhaps caught  
Respectable impeccable  
Not taught  
The key losers  
Not to trust an instinct  
Blame them  
No wait don't tame them

Chorus: They will let you down every time  
The key losers

repeat chorus  
In the clutch  
Twice as much  
In the long run  
Final gun  
Down the stretch we couldn't catch  
The part-time players  
The scrubs  
Consistently choking  
The roach coach is smoking
