

Guided By Voices, The Terrible Two

We're gonna drive you ??? through Canada
I'm not supposed to tell you
Up to the top girl, I'm focused in my development
I'm not supposed to tell you
Don't leave any notes for Birgit
She don't have to know
One foolish life in the snow

I've got tickets to the circus of delirium
I'm not supposed to tell you
Complements of the fabulous freebird
I'm not supposed to tell you
Don't leave any clues for Betsy
She don't have to look
One silly page in the book

Take the time to stumble
Show them faith in something larger in your life

Don't leave any clouds(?) for Carol
She shouldn't have to cry
Where is the spark in your eye?
This is the day that we fly
Don't waste your time on goodbye
