

Guided By Voices, What Kind Of Love Affair?

Did I tell ya that I feel the way that I feel
Every time I look into those eyes?
Maybe it comes as a big surprise
Maybe it comes a s lie!
(You know I'd never lie)
Look into the vast vast space
Maybe I have not a single clue
Maybe I know you and me
But I don't know just what to do
With our love affair
What kind of love affair?
When I change, when I change
I go insane and feel so blue
When I change, when I change
I go insane and I love you too

My baby
My sweet sweet honey child
Work
Work (that's the sound you make)
Sound you make when I feel so blue
And i feel blue for you
I feel blue - it's true!
Baby, baby
Ah
No no no no
Hey, now now now
Hey hey hey hey
