Guided By Voices, Your Name Is Wild

Time to say to you, my child Your name is Wild And if you called me in To change the color Your name is Wild And I'll be taking you soon now To read the orange signs

And I say now to you, So what?
The useless fade in time
You chose me to read you no lies
Hooray for the day
And I'll pray for the angels to keep you, my child
You are safer now
God knows it, too
