

# Gunna, Flooded

Ooh, Twix, stop playin'  
Flooded  
Flooded, flooded  
Flooded

AP and Patek Philippe, flooded (Flooded)  
And got the Richard Mille, flooded (Ice)  
Cubans and bracelets and necklace (Ice), flooded  
Stones in my teeth like they braces, flooded (Flooded)

Gold diamond chains, I'm the new Mr. T  
All this ice on me, I could go and ski  
Shorty on fleek with this Patek Philippe (Fleek)  
Whole lot to see, clarity Vs  
Cold like a polar bear, North Pole  
Money stretch all the way from North Dakota (Dakota)  
Know pretty bitches like Coca-Cola  
Diamonds hit like they like they inmates at Angola (Hmm)  
Look like a fight (Fight)  
Block out your sight (Ice)  
Whole lot of ice on (On)  
These diamonds bite, we shining bright  
Look like a light show (Show)  
Hell of a price, expensive nights  
She got a nice throat (Throat)  
She got me right, I bought her ice

I spent two-fifty on just one chain  
None of this shit came from Johnny Dang  
Eliaante got me goin' insane  
Diamonds updated, they 'head of the game  
I'm underrated, they AP from Vegas  
They hated, I waited, I knew shit would change  
Pull up, Mercedes, my neck lookin' crazy  
They hated, I waited, I knew shit would change  
My life is wavy, I'm highly sedated  
They thought I was crazy, I bought some more chains  
Flood out the shady eyes like DaBaby  
And they goin' crazy protecting the name  
Reach for these stones and get popped in your brain  
No one's smoking stronger, they ain't stoppin' the train  
Today is rose gold, I'm not rockin' the plain  
I don't got it on, then I don't feel the same
