Told the shawty if she mine, then promise me you keep it solid (Keep it solid)
You know bitches talk, but you with a boss, so we keep our business private (Business private)
He ain't never fucked you on a private island

I fly G5, I don't know the sky mileage (Sky mileage)

Oh, we made a way, oh, made a way

Why they facial expression givin' hate?
Why they act like I ain't helping 'em out, 'cause they energy fake
Must've think I didn't have nothing to say

The thanks I get feel like high-five, I know I changed the wave
When I'm outside, the sun gon' shine, ain't no more rainy days
She love my vibe, I love her vibe, I mean what can I say?
Count it when you pray
Thank god for these better days
