

Gunna, Rich Bitch

I need a rich bitch
I bought a red 'vette
She give me that head, sex
These's VVS, yes
I popped a X, yes
Still ain't no yes-man (nah)
And that's yo best bet (best bet)
Put my crew on a big jet
I got gold like a treasure chest
I can't hold up my pants & bands
Only here for these Benjamins
These fuck niggas didn't lend a hand
Do this shit for my fam and friends
Saving all of these presidents (yeah)

I just told Richie; we rich
I got Metro in this bitch
I see Lil Durk in this bitch
Pop me a perc, take a sip
I'm glad that we made it, we here
TM88 with the drip
We make them blue faces appear
Had to kill 'em, my bad my nigga
I'm just gettin' in my bag my nigga
Calculating and adding these figures (mmm)
My lil' bitch bad and attentive
I told PR to pass the skittles
I just popped me a half, my nigga (mmm)

I locked in with my kind my nigga
I ain't have to go out, I hit her
They gone pull up and ride
Yo bitch keep on eyeing a nigga
I can't stop her from liking these pictures
I hope all of my bitches get richer
