

# Gunna, Shopping

Peel out the lot in that four door new Masi'  
Pull up with that bag and we 'bout to go shopping  
Walk inside Sacs and we know that I'm copping  
I got some Tom Ford, Dior, and Zanotti  
I got twenty whores inside of the lobby  
That Rolls a two door, it's still a big body  
Treat my niggas like royalty, we not divided  
I'll count up some more, make sure that we got it

I had to grind and this shit don't come free  
Lock up the whole house when I broke down a P  
Got mine out the streets and I brought home a feast  
I do it for my fam, don't just do it for me  
When I took a loss, man that made me a beast  
They calling your name, but that shit still a lease  
They'll let niggas pop but don't pop shit on me  
I'll cut your shit top, leave your brains in the seat  
No more baby bottles, we pour out the pint  
I bust in her mouth, flew her back to the bay  
That Wraith make me feel like I'm floating in space  
I went to Old Nat now I'm back in LA  
I still got that Rolex to keep up the day  
Gon' shine on these hoes like the middle of May  
We only pour four just to see how it tastes  
I got me a K and ain't nobody safe  
I'm putting dick in his bitch, so I know why he hate  
When he got on the plate, he was already ate  
Before that bag was already made  
I got me some racks but there's more I can make  
Stones in my wrist, put a stone in my face  
Treat that bitch like a fish and I give her some bait  
Label they calling, they wan' know my rate  
Shout out Offset cause bitch I beat the case

Before hit the awards, man I pop me some molly  
That shit was so pure, had me itching and rocking  
Then poured up some Tech, had me leaning and scratching  
And a half of a xan just to help me relax  
And I pulled that lil' hoe she was from Calabasas  
Don't know her real name but she looked like that action  
Took her to the room, we couldn't go to the mansion  
And then dropped her off with my locs who on Stanton  
Stunting that bitch must've thought she was Kourtney Kardashian  
I hit and I run like a muhfucking accident  
Pulled up to the spot, don't see nun' but some packages  
And I got some Sprite finna mix 'em with Actavis  
Po-pour it up, make sure it Act in it  
Pull up with that stick shoot it rapidly  
Bang yo shit out with the accuracy  
Call up a cop it's a emergency  
Got some racks and I'm feeding my family  
Fuck all you hoes who abandoned me  
They slandered my name, tried to damage me  
All of that hate brought me currency  
I woke niggas up, never heard of me

I heard niggas say they gon' murder me  
Pull up with the stick, look like 30 deep  
Peel off in that lot in that new GT
