

Guns N' Roses, My World

You wan'da step into my world
It's a sociopsychotic state of bliss
You've been delayed in the real world
How many times have you hit and missed?
You cat-scan shows disfiguration
I wanna laugh myself to death
With a misfired synapse
with a bent configuration
I'll hold the line while you gasp for breath
You wanna talk to me
So talk to me
You wanna talk to me [7 times]
You can't talk to me
You don't understand your sex
You ain't been mindfucked yet
Let's do it [3 times]
Oh my distorted smile

Guess what I'm doing now
