

# Guns N' Roses, Silkworms

Listen motherfuckers to this song that should be heard  
Thrown down in the gutter, its more than you deserve  
Kneeling fucking virgin, you know that's what you are  
Pussy for a maggot, isn't that a shock

What can I do? With a bitch like you  
You know that its true  
All I have I ask of you  
I'll be dammed  
If its not true  
A bitch like you

Get your head down in the sky  
Fucking little schemer got yourself a broken heart  
Syphilitic preachers baby I know who you are  
Parasitic demons sucking acid through your heart

What can I do? With a bitch like you  
You know that its true  
All I have I ask of you  
I'll be dammed  
If its not true  
A bitch like you
